## Purpose of the Women's Workshop Outreach

This event aims to bring awareness to women leaders, build relationships, and support the Lydia Project in the US, Africa, and Asia.

- **Mission:** To assist women who aspire to own or currently own a micro-business or grass-root non-profit organization by providing networking platforms, resources, tools, and training during our annual outreach workshops.
- **Goal:** To help women break the cycle of dependence on welfare systems, which often leads to generational poverty.
- **Objectives:** To change the mindset and overcome the behavioral fears that prevent women from developing their talents and achieving their dream of starting a business.

## About the Lydia Program

The Lydia Program is designed to teach personal development, family values, health and wellness, and overall well-being through Christian concepts. The program includes financial literacy, stewardship, commitment, marketing, and business acumen through monthly meetings, workshops, and the annual Lydia Project Women's Outreach.
